At daylight the little squadron proceeded down the river to Turner's plantation, where, on our passing, we had seen the wreck of the little squadron proceeded down the river to Turner's plantation, where, on our passing, we had seen the wreck of the little squadron proceeded down the river to Turner's plantation, where, on our passing, we had seen the wreck of the little squadron proceeded down the river to Turner's plantation, where, on our passing, we had seen the wreck of the lattle squadron proceeded down the river to Turner's plantation. When opposite the lower battery, on Redman's farm, the pilot, Mr. Pederick, a native of this lattle squadron proceeded down the river to Turner's plantation, where, on our passing, we had seen the wreck of the lattle squadron proceeded down the river to Turner's plantation, where, on our passing, we had seen the wreck of the lattle squadron proceeded down the river to Turner's plantation. When opposite the lower battery on Redman's farm, the pilot, Mr. Pederick, and partially disabling her upper works, and partially disabling teen solid shot and shell struck and passed ope to Gen. Feater, in whose immediate employ he has been for the past year.

It would be useless for me to attempt to describe the appearance of the Escort, as she lies at her wharf, back of W. G. Hamilton & Co.'s warehouses, an object of wonder and cariosity to thousands. One of the shots of the enemya twelve pounder Whitworth—passed directly through the berth which had just been vacated the connectin, ods shove the cylinder crosshead indenting am bending it so as to render it

The Situation in Virginia and North Car- who were seen by the Indians lately taken by

The situation in the above named States is exciting considerable attention. The latest reisble advices from Virginia luform us that our pickets are in sight of Suffolk, and that almost cessant skirmishing is going on between the two armies. Our renders will remember that the distance between Suffolk and Norfolk is triffing. Our forces are in possession of Norfolk, and the Petersburg railroad within two miles of that point, and a strong detachment of our army is marching on the Enanoke and Sea-board railroad, and probably by this time have intersect near Suffolk, and if they are held by tion with Portsmonth and Norfolk. The Nansemond river is the only outlet that remains, forenoon confirming previous reports that the and that we have obstructed to prevent the pas unication cut off, and his garrison surrounded, he entire force at Suffolk may be captured by a old and rapid movement. The Yankee force at Suffelly does not exceed

.000, and consists, in the main, of raw troops. for forces being in their rear, it will be imposible for them to get reinforcements from Norolk or Portress Monroe. The aspect of things in North Carolina are t less important than those in Virginia. The eige of Washington by the Confederates under General Hill, is exciting great interest from the act that a Yankee force of about ten thousand.
